### 1.1 – Welcome to the 10th Year of the English Championship Series

#### Dear Members, Coaches, Judges, and Supporters,

Welcome to the prestigious **10th year of the English Championship Series**. As we mark this important milestone, we are delighted to welcome you and look forward to sharing another exciting chapter of competition with you in the years ahead. Reaching a decade of competition is a testament to the commitment, passion, and support of our entire community, and we are proud to celebrate this achievement together.

This new iteration of the series brings with it several important developments designed to support athlete progression, improve competitive balance, and enhance the overall experience for all involved. We are pleased to confirm that clubs will no longer be required to provide judges as part of their competition entry. The series is now able to house judges independently. This information has already been circulated to the judging community; however, we would still greatly appreciate clubs encouraging their in-house judges to contact our Judge Coordination Team to offer their services. Further details will be provided directly to judges at that time.

We are also pleased to continue our successful venture in **DMT Synchro**, which has proven to be a popular and valuable addition to the series and one we are excited to see develop further this season.

In response to the high participation numbers previously seen within Silver, we are introducing a '**Bronze level**', for female-only age groups **9–10, 11–12, 13–14, and 15–16**. This addition is intended to better support athlete development while helping to balance entry numbers more effectively across the competition structure. As a result, it is not our intention this year to split groups into individual single-year age brackets (such as 10, 11, 12, etc.). We kindly ask coaches to carefully consider gymnasts' abilities when making entries, as this will help spread competitors more fairly and create stronger, more appropriate groupings. **2026**

Within the Gold pathway, we are pleased to introduce a new **17–21 Gold age bracket**. Alongside this, all tariff minimums have been removed; however, an overall individual element cap will remain in place in line with **FIG / World Gymnastics standards**. This change is designed to promote athlete progression while maintaining safety, consistency, and international alignment.

Difficulty minimums have been removed from Gold Trampoline competition, while maximum DDs and penalties will continue to align with Silver-level requirements. This adjustment is intended to encourage athletes who have the appropriate skill level to progress confidently into gold competition. There have also been some small but important changes to the **Tumbling format**, and we strongly encourage all participants to familiarise themselves with these updates ahead of the season.

As always, we wish you the very best in the upcoming year of competition. Thank you for your continued support, commitment, and enthusiasm. We hope you enjoy this season of the English Championship Series and join us in celebrating our 10th year of competition.

Yours in Sport,

**Stephen Wood**

## Section 2– English Trampoline Qualification Series

### 2.1 – Individual Trampoline

All TRI English Qualification Series will consist of the qualification round comprising of two (2) exercises, (please see minimum standards within this document). There are no finals at the qualification event for TRI.

Gymnasts competing in Gold/ Silver age groups must complete both exercises at a single qualification event to be eligible for qualification to the English Championships. In all Age Group categories, the two (2) scores from the compulsory and voluntary exercises will be combined to create an overall score, this will be used to rank the gymnasts.

In the Senior TRI Gold event the gymnasts will perform two (2) exercises with the highest score from those two (2) exercises counting towards their ranking. If the gymnast competes in more than one qualification event the highest of the two (2) qualification scores will count towards the final ranking.

### 2.2 – Synchronised Trampoline

All TRS groups can compete as same-gender pairings or mixed-gender pairings. All pairings (mixed or same gender) will compete in the appropriate age group event.

The TRS competition will consist of two (2) exercises only (see exercise criteria in the tables below). There will be no Finals for TRS at the qualification series or the English Championships. Youth and Junior TRS Gymnasts must complete both exercises at a single qualification event to be eligible to qualify for English Championships. Senior TRS must complete one (1) of the two (2) exercises (see exercise criteria in the tables below).

TRS Silver has no minimum DD but will follow the maximum DD's set out in the document below.

You will NOT be allowed to compete outside your age bracket set out in this document. Clubs may pair with a gymnast from another club. The pair will be required to compete in matching attire, (mix gender pairings must have similar themed attire when competing). Gymnasts may move up a level if they competed at Silver in TRI and they want to partner someone who has performed at TRI Gold. The gymnast will only be allowed to move up from Silver to Gold, NOT down.

# Section 3 – **BRONZE** **TRA**

### Bronze TRA 9-10

**Gender:** Female

**Max DD Female:** 4.5

#### Exercise Criteria:

The first exercise consists of 10 different elements, five (5) elements allowed with less than 270° of somersault rotation.

The exercise will consist of ten (10) different elements, only two (2) elements allowed with less than 270° somersault rotation. Each element meeting the requirement must be marked with an asterisk (\*) on the competition card. These requirements cannot be fulfilled by combining them into one (1) element, but must be performed as separate elements:

- One (1) element to front or back of the body
- One (1) element from front or back - in combination with requirement No. 1 and must contain a minimum of 450° somersault rotation, (rotations from the back must also contain 180° of twist).
- One (1) element with a minimum of 360° somersault rotation and minimum of 360° of twist.

#### Second exercise requirements:

This is a voluntary exercise and has only the limitations set in the notes below on maximum single element difficulty caps.

#### Notes:

- Difficulty limitations will follow the FIG code of points, single element difficulty cap of 1.7 breaking this cap will result in disqualification.
- The performing of quadruple somersaults is prohibited and will result in disqualification.
- If you fail to complete either of the compulsory or voluntary exercise during the qualification series, you will not be eligible to qualify for the English Championships event.
- If you are disqualified your score from that competition will be removed from contention to qualify for the English Championship

## Section 6 – English Double Mini Trampoline

DMT competitions are composed by Qualifications and Finals, according to the following structure:

Competition Phase	Who Competes	Exercises	Starting Order
Qualification 1	All Gymnasts	2 Exercises	Draw
Qualification 2	Top 24, if 48 entries or more. Top 16, if 32-47 entries. None, if less than 31 entries	1 exercise	Draw
Final 1	Top 8	1 exercise	Draw
Final 2	Top 4, if 10 or more entries at Q1	1 exercise	Keep F1 order

### 5.1 – DMT Qualifications

Qualifications are divided in two rounds: Qualification 1 (Q1) with all registered gymnasts competing, and Qualification 2 (Q2) with the number of gymnasts depending on the entries:

- 1-31 entries No Q2
- 32-47 entries Q2 with 16 gymnasts
- 48+ entries Q2 with 24 gymnasts

Q1 is composed by two voluntary exercises with no repetition of elements allowed in either exercise. The highest sum of the scores of the two exercises will determine the qualification to Q2 or to the Final. The starting order for Qualifications (Q1 and Q2) is decided by a draw. The gymnasts will be divided in groups, as evenly distributed as possible, of no more than sixteen (16) per group, with each group performing their first and second exercises prior to the next group starting the Qualifying Round.

The winner of each competition group will qualify to Q2 or to the final. The remaining places for Q2, up to 16 or 24 places, or for the final, up to 8 places, will be granted according to the final ranking of the first round of qualification.

Q2 Gymnasts will start Q2 with a score of zero. Elements from Q1 can be performed in Q2, but not in the same zone of the DMT as in Q1. The winner of each competition group will qualify for the Final. The remaining six (6) places for the Final will be granted according to the final ranking of all gymnasts.

### 5.2 – DMT Finals

The starting order for Finals is decided by draw. Starting order for F2 will follow the same order as F1 with the four (4) qualified gymnasts.

Finals are divided into two rounds Final 1 (F1) and Final 2 (F2) with no repetition of elements allowed in either exercise:

- In F1, the eight (8) gymnasts will perform one (1) voluntary exercise. Gymnasts start F1 with a score of zero. The best 4 (four) gymnasts will qualify to F2, while the remaining four (4) will be ranked from 5th to 8th position according to their results in F1.
- In F2, four (4) gymnasts will perform one (1) voluntary exercise. Gymnasts start F2 with a score of zero. The winner is the gymnast with the highest score in F2.
- In case of any tie, then tie break rules will apply (see Appendix 2 of the [English TRA, DMT, TUM Competition Handbook](#) .
- Where there are less than ten gymnasts within F1, than this will be deemed unnecessary and go straight to F2.
